“ I just received the news of your Dad passing today from my Mother Barbara whom still lives on Valenti. I am writing you with many sad tears of symapthy with also finding out about Bill Jr. passing. Bill and Todd Dwyer were my childhood friends. Cheryl may remember me. She was always so nice to me growing up.I was close with Bill Jr. as a child and then again in High School. He sat in front of me the day we graduated and we laughed the whole time about all the silly things we did growing up together. I have often wondered how he was doing and your family. Among my memories I remember the beautiful play house with the sliding window in your backyard. I loved it so much and I was always so excited when your Dad and Mom would let me play in it while I waited for Bill. Your Father was always such a nice man to me when I was little. The good old days when neighbors were family. I speak for my entire family as we have been all on the phone today thinking of all of you and wishing you are sincerest symathy to your entire family. You will be in my thoughts and prayers.##imported-begin##Kathy Kaminski Powers##imported-end##

“ Oh Mr. Bill, I am so glad we had our last hug the Friday before you left us..you told me it would be our last one, while you were at the VFW, in Port Huron.  
I will always remember the fun we had on the 40/8 train going to the Lexington parade about 5 years ago..  
You always smiled even though you were going through so much.  
Dave, "Doc" and I will miss you!###imported-begin##Lynne
